Hill-Rom

Enhancing Outcomes for Patients and Their Caregivers...

Toocana, gentle vitality...

The contrasts and character of the Toocana range make for an original atmosphere...

The Meltis product line benefits from all of Hill-Rom's expertise and know-how.

You can use the four separate styles to design living areas that meet your expectations.

Soft lines, solid wood, a wide colour choice... Toocana an atmosphere of strength and character

The Toocana line includes a collection of furniture and accessories, from head and footboards to bedside cabinets and wardrobes that can be used to design an intimate environment for patients, visitors and caregivers.

The harmonious atmosphere produces a sense of peace of mind conducive to the administration of care, sound relationships and well-being.

### ① Easy to use and attractive

Improving the working conditions of caregivers is a fundamental issue.

- Gestures - Easy access to the content of the furniture - 170° hinged doors
- Posture - Easy to use and maintain - Metal drawers
- Safety - Locks can be fitted in almost all products
- Comfort - Silent-closing pads on doors and drawers for noise reduction and protection against impacts

### ② Maintenance and comfort

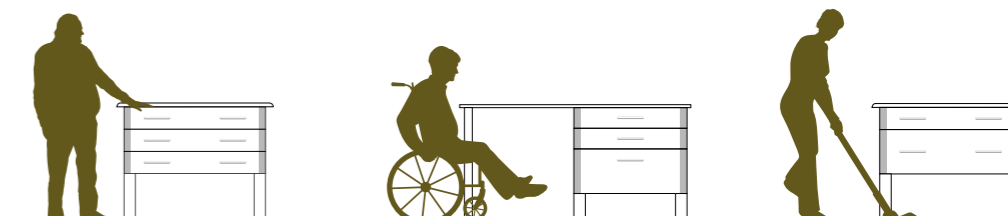

It is essential to meet the needs for hygiene and maintenance in Nursing Homes. The design and materials of the Toocana range have been carefully chosen for greater maintainability and improved comfort for residents.

### ③ Mobility & wellness

Prolonging the residents' mobility is crucial to their well-being.

The numerous points of support on the furniture and the low position of the bed contribute to the enhanced independence of the residents.

Residents are able to rely on a range of handrails for support and when moving around the room. An egress bar is also available to help residents getting out of the bed.
